B. Non-Residential Zoning Districts

1. Commercial (C). This district is designed to encourage and facilitate commercial activities intended to serve a relatively large trade area, appropriate commercial locations on major thoroughfares in developed areas, and is intended to meet the needs of motorists and other consumers through the provision of automobile-oriented commercial activities to meet the needs of several types and varieties of general commercial activities.
2. Professional Office (P). This district is designed to encourage the compatible development of major professional and related office complexes in areas which are suitable for such activities. The P District may serve as a transition between commercial corridors and nearby residential uses.
3. Industrial (I). This district is to accommodate manufacturing, fabrication, warehousing, and other related activities that typically utilize large work forces, generate semi-tractor trailer traffic, and may produce external impacts such as noxious smells, smoke, or noise.
4. Institutional (INST). This district is to allow for development of nonprofit or quasi-public uses such as religious institutions, libraries, public or private schools, hospitals, or government owned or operated structures. Many of these uses provide meeting places for the citizens of Cape Coral and valuable civic engagement opportunities.
5. Preservation (PV). This district is to identify environmental resources or natural features as areas intended to remain in a predominately natural or undeveloped state to provide resource protection and opportunities for passive recreation and environmental education for present and future generations.

C. Mixed Use Zoning Districts

1. Commercial Corridor (CC). This district is established to implement the recommendations of the Pine Island Road Master Plan and to promote such uses as retail, office, limited warehouse and light manufacturing, multi-family residential and large-scale commercial retail uses.
2. Neighborhood Commercial (NC). This district is intended to create a variety of dynamic walkable, mixed-use environments; provide a range and mix of commercial and housing choices near each other; and to create quality usable public spaces. The NC District utilizes form-based design standards and provides development options based on parcel size.
3. Mixed Use Seven Islands (MX7). This district is intended to implement master plan recommendations for the Seven Islands Area consistent with the Seven Islands Sub District. A further objective is to foster a sense of place and create a destination environment in northwestern Cape Coral. To achieve these objectives, the MX7 district allows a more flexible
